

- Alt Comp*
13. (Amended) An exposure apparatus using an optical element according to claim 1.
14. (Amended) A telescope using an optical element according to claim 1.
15. (Amended) A microprobe using an optical element according to claim 1.
16. (Amended) An analyzer using an optical element according to claim 1.
17. (Amended) A laser oscillator using an optical element according to claim 1.
18. (Amended) A Fabry-Perot interferometer using an optical element according to claim 1.
19. (Amended) A ring laser gyro apparatus using an optical element according to claim 1.

Please add new claims 20-27 reading as follows:

- DS*
- 20. A microscope using an optical element according to claim 4.
21. An exposure apparatus using an optical element according to claim 4.
22. A telescope using an optical element according to claim 4.
23. A microprobe using an optical element according to claim 4.
24. An analyzer using an optical element according to claim 4.
25. A laser oscillator using an optical element according to claim 4.
26. A Fabry-Perot interferometer using an optical element according to claim 4.
27. A ring laser gyro apparatus using an optical element according to claim 4.--
